

Request is to have two heavy (weighted down) A-Frame signs denoting no unauthorized vehicles allowed

Note: there are currently 2 small 'do not enter' signs at these locations as well (see next slide for picture), but we want to add more to make it abundantly clear.

Entire back lot reserved for Benchmark for Hampton Inn staging

Reserved for Cowan

Rest of lot = no restrictions

Currently there is a barrier closing this path, Benchmark can decide whether to keep or remove. If they remove we can locate one of the A-Frame signs there.

FYI, this is the other entrance path that is currently blocked off.
